Father Absence Harms Children

There is a father crisis in America. According to the U.S. Census Bureau, 18.3 million children, 1 in 4, live without a biological, step, or adoptive father in the home. Consequently, there is a father factor in nearly all social ills facing America today.

“Anyone can father a child but being a dad takes work. Fathers play a key role and greatly impact the lives of their children.”

Being a dad really is hard work and takes “Dadication” So, do not think about giving up. Your children need you and Dads Matter is here to help!

Class

- Class engagement will come through group sessions or one-on-one case management.
- The groups will meet one time per week for two hours for 8 consecutive weeks.
- These two-hour classes will consist of one hour devoted to our evidence-based curriculum “ON MY SHOULDERS.” The other hour will be devoted to fatherhood discussions.
- Outside of the classroom in the one-on-one engagements, we will help the father address specific needs that may be a barrier that prohibits him from being the father he wants to be.
- At CAO Scioto County in the Dads Matter program, we will work hard to refer and get our local fathers in the right place for success.
