ENGAGING MEN IN OHIO (OHMAN)

The mission of the Ohio Men's Action Network is to end relationship and sexual violence in Ohio.

The Ohio Men's Action Network (OHMAN) is a network of men and women, as individuals and as representatives of local and state organizations, working to engage men and boys in efforts to prevent sexual violence; sexual exploitation; domestic, intimate partner, family and relationship violence and to promote equitable, non-violent relationships and a culture free of oppression.

WHY MEN?

Gender-based violence - whose issue is it?

Working with men and boys supports healthy ideas of manhood that reject gender-based violence and builds respect for women and girls

Men can stop violence! (If women could end it, it would already be done!)

THE NEW PLAYBOOK

- *“The New Playbook”* provides an opportunity to develop ally skills that support healthy relationships, healthy masculinity, and to actively challenge the culture of sexual & relationship violence in communities across Ohio.
- *“The New Playbook”* is a social justice training focused on building confidence & skills in facilitating difficult conversations related to gender-based violence, equity, and social justice.
